RENOWNED. TRUSTED. MINIMALLY INVASIVE.

Take the Healthy Legs Vein Screening

Do you have...

- Varicose, spider veins?
- Leg discomfort, aching legs?
- Leg swelling that worsens as the day progresses?
- Tired, heavy feeling in your legs?
- Itching?
- Restless legs?
- Skin discoloration?
- Skin breakdown or leg ulcerations?
- History of blood clots?

If you have these symptoms, you may have venous insufficiency.
